

Full colour signs & labels in seconds

BradyJet J5000
COLOR LABEL PRINTER

Full colour, maximum impact signs & labels

The BradyJet J5000 Colour Label Printer enables you to create full colour indoor signs and labels on demand. These will help you to offer important safety and lean information right where employees need to see it.

Easily create the full colour labels and signs needed with the BradyJet J5000 Colour Label Printer to communicate **safety information, procedures, facility identification** and a variety of other applications **to reduce workplace accidents and to increase productivity.**

REDUCE ACCIDENTS

Make your workplace safer by looking for potential hazards to warn for them on the spot with a safety sign. With custom, on-demand and compliant signs you can prevent costly accidents before they occur. Most importantly, when you have the right signs, pipe markers and other safety messages in the right places, you can **send employees home safely every day.**

Use the BradyJet J5000 Colour Label Printer to immediately communicate about an identified hazard by creating safety signs, CLP/GHS labels, Lockout/Tagout tags, arc flash labels, fire visuals or machine hazard labels.

INCREASE PRODUCTIVITY

Use the BradyJet J5000 Colour Label Printer to print standard work procedures and waste management rules. Create machine operating procedures and attach them to machinery to **increase efficiency on the workflow.**

Identify passage ways, danger zones, departments and storage areas with clear colour coded signs so new employees and contractors don't lose time finding their way. Add PPE communication, steps to take in the event of a fire and evacuation plans.

Application versatility

Choose from 55.00 to 203.20 mm sized vinyl or polyester materials and start printing the signs and labels you need for your facility. Look at the examples to get an idea of what you can achieve when supported by the BradyJet J5000 Colour Label Printer.

Quickly print full colour durable signs & labels

The BradyJet J5000 Colour Label Printer quickly prints full colour safety and lean signs, logos and images in photo-quality on durable materials.

FULL COLOUR

Full colour high resolution messages succeed best in attracting people's attention which is incredibly important to warn co-workers for potential dangers with safety signs and pipe markers, or for lean labels that help co-workers make efficient decisions on the work floor. The BradyJet J5000 Colour Label Printer is **an inkjet technology printer that can create signs and labels in any colour.**

FAST

Print full colour signs and labels in one pass at a top speed of 150 mm per second. That means a self adhesive 203.20 mm vinyl or polyester safety sign **can almost be printed instantly.** That makes the BradyJet J5000 Colour Label Printer a great peripheral tool for any company that needs to quickly add or renew indoor safety signs, lean labels or pipe markers in full colour and in high resolution.

DURABLE

The BradyJet J5000 Colour Label Printer prints on Brady's durable B-2595 vinyl and B-2569 polyester sign and label material range. These labels feature a topcoat that **enhances the colour and label appearance, and protects your print from smudging and harsh conditions.** The labels have been tested to withstand exposure to liquids, alcohol and chemicals. Available in sizes ranging from 50.80 to 203.20 mm for the BradyJet J5000 Colour Label Printer, they are ideally suited to serve as **indoor safety signs, lean labels and pipe markers.**

Easily design your signs & labels

Easily design the signs & labels you need with your selection of Brady Workstation apps.
Download the Brady Workstation app platform from workstation.bradyyid.com and select from a wide range of free and paid sign & label creation apps.

Available apps for use with the BradyJet J5000 Colour Label Printer:

- **Custom Designer App:** Design anything you can imagine in this free app. Start with a blank canvas to create a label or sign that meets your unique needs. Add barcodes or QR-codes, import data from Excel and more!

- **CLP/GHS Labels App:** Creating CLP/GHS labels is now amazingly simple. Enter your SDS data one time through a simple drop down list and text entry, and you can create any size CLP/GHS label and print it at any time.

- **More apps** will be released. Continue to check workstation.bradyyid.com for new apps!

THE STEPS ARE SIMPLE

1. Download Brady Workstation at **workstation.bradyyid.com**

2. Fill the workstation with the apps you want

3. Save time by quickly designing and printing labels!

Visit workstation.bradyyid.com to download the app platform and choose from the Custom Designer app, GHS app or additional apps that are planned to be released for the **BradyJet**.
